

This document provides a means of determining, for a grave identifier, its location within the cemetery. The location is expressed as a section, a row letter and a plot number.

**Upper Section (U)**

Arranged in a grid with rows A-Z, AA-QQ and plot numbers 1-59 starting from 1 on the south-western side.

**Middles Section (M)**

A rectangular area arranged in a grid with rows A-Z, AA-JJ and plots 1-31. There are paths between rows D and E, O and P and at row GG.

**Lower Section (L)**

A rectangular area divided into a series of grids of various extents. The areas are designated as L1. .L6. One grid (L4) in the north-eastern part has yet to be used. In addition, the centre of this section has an arrangement of plaques where ashes are buried. The graves numbers for these take the form X.<letter>.<number> where <letter> indicates the row and <number> the sequence within a row.

The maps of the upper and middles sections have the grave numbers against each plot as well as row letters and plot numbers along the axes. For the lower section, these are maps for each grid.
